BENJI. (*reading*)

"Dear Kenny, I don't know if you like all these songs, but they're mostly about not knowing how someone feels. So I really relate to them a lot, because sometimes I wonder what we're doing.

"If you relate, too, then I just want to tell you that you don't have to wonder about how I feel. You should have faith in me, and I hope hope hope that you want me to have faith in you.

"I can't dress stuff up with words like you do. Mostly, what I think or feel just comes out, so here it is. You make me feel really good. I'm happy when we're together. It's hard to concentrate on Pre-Calc homework, because you're in that class with me, and college and differential equations just can't compete. I hope you feel the same way. I have a feeling you do. Even if you don't, I hope you at least like the tape.

"Love, Benji."
